## PROJECTS

### Online Clothing Store
*The Online Clothing Store project significantly improves the online shopping experience for customers while providing efficient management tools for store owners. It results in increased website traffic, improved conversion rates, or revenue growth for the online store.*

### Theatre Management Project(Film Focus)
*The Theatre Management System project served as a transformative solution for theatres, providing an all-encompassing platform for managing their operations efficiently. The system improved the overall theatre experience for both management and patrons, resulting in increased ticket sales, improved staff management, and enhanced reporting capabilities.*
